Letters of Inquiry cheerfully answered; always write your questions on a separate sheet of paper, leaving room for answers to each, between each question. We can often reply much more quickly.

Extras. When making out your order, write it on a separate sheet from your letter. Mark the price to each, and ALWAYS select some additional plants, that would be acceptable. Sometimes we cannot send all plants wanted. A second list comes handy to select from; and often we feel generous happy. When in such a mood, to know just what would please our patron, the second list is just what we want to select from.

No Orders will be sent unless the amount of order is sent with it, this may be sent by Express, Postal Money Order or by Registered Letter. Do not send stamps, please, except when it is impossible to send any other way.

Orders for plants must amount to \$1.00. We cannot and will not be bothered in the busy drive of work with smaller orders. If sent, we shall return it. Carefully see that your name is very plainly written, also your Postoffice, County and State. It saves delay, bad temper, and often unnecessary scolding.

Please state whether you wish your plants sent by Mail, Express or Freight.

Our Terms are Invariably Cash with the Order.

Please write your name in full, giving Post-office, County, and State; also street and number in large towns; amount of money inclosed. We can also ship, C. O. D., return charges on money to be paid by purchaser.

Introduction.

I AM pleased to present this, my Third Annual Catalogue. I trust I may give satisfaction to all customers. My aim is so to deal with customers that they may continue to favor me with their orders. I shall always be glad to know whether plants arrive safely and give satisfaction.

I will send plants carefully packed by mail on receipt of price. Can send large plants by freight or express.

I do not catalogue all the varieties I grow, only those I have in quantity. I have arrangements, however, by which I can fill orders for almost any plants desired. No plant order filled for less than \$1.

Those desiring orders filled for any kinds of seeds, trees or shrubbery, will do well to correspond with me.

All mistakes will be righted.

I will send any five twenty-five cent plants for \$1.00. Always write whether plants shall be sent by mail or express. We have two trains a day from Los Angeles and Santa Barbara, parties living in these places who desire to purchase plants, will have time between trains to purchase and return same the same day

I will be pleased to hear from any of my customers, whether plants or seeds are satisfactory, and will appreciate any testimonials.

Parties ordering seeds to the amount of \$1.00 can select

Suggestions.

In Southern California below the frost belt—begonias, primulas, ferns of all kinds, and shade-loving plants thrive in a lath house partially shaded by vines. Most begonias are fine bedding plants in sheltered locations. *Begonia rubra* is a wonderful grower. I have one at this time fifteen feet high.

When setting out plants, from pots, in the ground, loosen the roots that are matted around the ball, and turn them in the direction they should grow. Having always grown around in a circle they must be *taught* to grow outwards. Many fine camelias, and other choice plants, are lost, because planted just as they are taken from pots. It is not necessary to *disturb* the roots only to loosen them.

Be careful in setting out plants in the ground, to press the soil carefully with the foot, before watering and to watch them for a week or two that the air does not get in to the soil and dry out the roots.

The roots of plants should go *down* for water, therefore when watered, it should be thoroughly done, otherwise the roots will seek the surface and be dried, and baked by wind and sun and the plant be stunted.

I will send a photograph of my mammoth cactus, described below boudoir size, for 35 cents.

Cereus triangularis is a most interesting variety of this grotesque family. Grown without support it rambles over the ground, planted near a house it becomes ambitious. My largest specimen of this cactus is nine years old. The first four years it contented itself clambering on the ground and about the lower part of the veranda. Five years ago it started to climb, and now has reached the roof of the second story of the house, 35 feet from the ground. It has sent out innumerable great triangular branches in every direction, attaching itself by long, white roots, which loosen as the branches become strong and hang like a grey fringe all over the plant. It reaches across the windows on the upper and lower verandas, twists itself under the ceiling for several yards and winds about the railing. The flowers open at 5 p. m. and close at 10 a. m., they measure twelve inches across, are double, creamy white outside, petals yellow, the stems two inches in diameter. This cactus is said to be one of the curiosities of the United States, being the largest of its kind known.

ROSES.

The Rainbow.—California's new striped Tea Rose. A seedling from "Papa Gontier"—very beautiful. Striped and splashed with carmine on a pink ground. Price, \$1.00.

Vick's Caprice.—This grand novelty is a true hybrid perpetual Rose, being a sport from the H. P. Rose Archduchesse d'Autriche, therefore perfectly hardy. We esteem this one of its greatest advantages, as it may be grown to perfection by the amateur equally as well as by the professional florist. The flowers are large, ground color soft satiny pink, distinctly striped and dashed with white and carmine. It is beautiful in the bud form, being quite long and pointed, also showing the stripes and markings to great advantage, making it a valuable and desirable variety for cutting. Price, 50 cents each.

Souvenir de Wooten.—New Crimson Winter Flowering Rose.—This is an American seedling, from the seed of Bon Silene, fertilizes with Louis Van Houtte; the flowers are very large and perfect, of a dark velvety red color and highly perfumed. It is very beautiful in the bud, of extraordinary size, and the most perfect form, a grand Rose. Price, 50 cents each.

Madame Hoste.—The Grandest New Rose—Of immense size; it is as large as Cornelia Cook and as free as Perle des Jardins; creamy white color, deepening to pale yellow in the center; blooms constantly and profusely, the magnificent flowers are borne on long, erect stems. I cannot say too much in praise of this rose. From its many good qualities it is destined to create a sensation in the rose-loving world. Price, 35 cents each.

New Hybrid Tea Rose, Duchess of Albany.—It is said by those who have grown it, that this new rose for all purposes has no peer. It is identical with La France excepting in three points. These are: a more vigorous growth, a larger and more expanded flower, and a deep even pink in color; not shaded, but what is termed a solid color. The growth of the plant is exceedingly vigorous, and the flowers, which are thrown up well above the foliage, are produced in extraordinary profusion, the plant being covered with handsome flowers. Price 30 cents.

New Tea Rose, Sappho.—Buds fawn color suffused with rose, the opening flowers shaded yellow and tawny buff, centers deep, bright yellow: large, full and globular. It produces blooms with extraordinary profusion, even for a Tea Rose. The petals are large and of much substance. A splendid Rose to keep after being cut. This we commend as being one of the prettiest and sweetest Roses ever brought before the public. Certainly grand. Has our highest praise. Price, 35 cents each.

Grace Darling.—One of the most elegant Roses ever our pleasure to behold. Strong, vigorous grower; color a porcelain rose, elegantly shaded with vinous crimson, a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. The colors seem to stand out separate and distinct. Very sweet. A veritable beauty. Price 30 cents.

New Tea Rose, The Snowflake, or Marie Lambert.—This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowing white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per one hundred buds. Not only will it cover twice and three times the space, in funeral design for instance, that a Carnation covers, but it will give greatly superior results. Try it. Price 30 cents.

Paul Neyron.—Deep, shining rose, very fresh and pretty, flowers large; often measuring five inches in diameter, and it has this merit: though very large, the buds always developed fine, perfect Roses. It is, moreover, a good strong grower, with nice, almost thornless stems. Price 30 cents to \$1.00.

Giant of Battles.—Brilliant crimson, large, very double and sweet. Esteemed one of the finest. Price 35 cents.

Her Majesty—Of immense size, perfect form and exquisite coloring, being a delicate, but bright pink, shaded with rosy salmon. The largest Rose ever produced. Its immense size, perfect symmetry and exquisite coloring combine to make it the Rose of Roses. Price, 35 cents.

Queen of Queens.—Pink, with blush edges, large, full, and of perfect form. A true perpetual flowering Rose, every shoot being terminated with a flower. A splendid garden Rose. Price, 35 cents to \$1.00.

Mad. Catherine Soupert.—Hybrid perpetual, exquisite pink, large fine form, good bloomer. Price 25 to 75 cents.

Princess Hohenzollern.—A very strong, vigorous grower, with beautiful foliage, dark and large; flower very large—more than semi-double—of perfect form; often produced in clusters; color bright, deep, satiny red, with a lighter center. Price, 30 cents.

Hybrid Tea Rose, Viscountess Folkestone.—A grand acquisition: one of the very largest and most durable of roses, unsurpassed in freedom of bloom, and remarkable for its fine keeping qualities. It remains a long time in bud, and after being expanded the buds have been frequently kept a week in good condition before dropping. The foliage is rank and dark, the canes heavy, carrying buds finely erect; the flower is delicately tinted, almost white, showing a faint creamy pink on the reverse of the petals. When partly open it is slightly cupped: the inner petals are apparently quilled. When fully expanded it is an immense half sphere of the softest satiny texture; a perfect rose. Price 30 cents.

Ye Primrose Dame.—An exquisite new Tea Rose, as beautiful as its quaintly pretty name. It is a very double variety, with petals beautifully curved; very free flowering. The outer petals are a soft but distinct canary color, the center a rich, rosy salmon or apricot: the shading from the outside to the center is very beautiful. It is of a cup shape, showing the glowing center from the first opening of the bud. The foliage is fine, but luxuriant and healthy. The habit is somewhat like Niphetos. Buds of fine form and excellent shape. Price, 25 cents.

Mad. de Watteville.—Salmon blush, each petal bordered light rose like a tulip, lovely color and shape. This rose delights every one. Price, 25 cents.

- Princess Beartrice.**—This beautiful English novelty, is one of the finest introductions of late years. The originator a celebrated English Rose Grower, claims that it is the best tea rose ever raised by him, and we are sure it will please all lovers of choice roses. It is of vigorous growth, with stiff erect wood, thick handsome foliage, which when young is bright crimson. The buds are large and double, and the most perfect form, the petals are of fine texture and substance; the open rose is also exquisitely beautiful and lasting well when cut. The color is distinct from any other variety, the outside petals are pale bluff, center golden yellow, shaded with bright rosy crimson, from its first opening, the petals roll their edges backward displaying the bright apricot center. Very sweet and fragrant. Price, 25 cents.
- Souv. de Victor Hugo.**—A splendid ever-blooming rose, introduced from France; large tulip-shaped flowers, delightfully scented and a very free bloomer; color lovely citron red, with beautiful amber and fawn shading. Price, 25 cents each.
- Madame Scipion Cochet.**—Vigorous in growth, with fine, healthy foliage. Flowers are large and can be cut with long stems; petals are thick in texture; color pale rose, shaded with clear yellow, making a combination of coloring. Price, 30 cents.
- Mme. Philemon Cochet.**—Has extremely beautiful heavy foliage, and plenty of it, being a fine rapid grower and a profuse bloomer, the flower always coming on a long stem: the bloom is of medium size, semi-double, and a delicate pink, with shell-shaped petals. Price, 30 cents,
- Souvenir de Therese Levet.**—Pure, clear, velvety crimson. Each petal shows on the center of margin a decided point, giving the flower a clear-cut appearance. Its odor is powerful and delicious. You are not getting a common red Rose when ordering this. Price, 30 cents.
- Princess Sagan.**—This new rose is a most dazzling shade of crimson, shaded scarlet. Price, 25 to 35 cents.
- Comtesse de Frigneuse.**—Delicate canary yellow; long pointed buds; exquisite. Price, 25 cents.
- Mad. F. Kruger.**—Magnificent large buds; of a rich shade of tawny yellow. Price, 35 cents.
- The Bride.**—Beautiful in bud, and in full bloom pure white; outside petals sometimes tinted delicate rose. Price, 20 cents.
- Cherokee Rose.**—Pure snowy white, large single; spring green foliage; a rampant; grown; Æsthetic. Price, 25 cents.
- Marshall P. Wilder.**—Hybrid perpetual, bright cherry red; fine. Price, 35 to 50 cents.
- Letty Coles.**—Soft pink, shaded crimson. Price 20 cents.
- Wm. Francis Benett.**—An admirable forcing rose; its rich, glowing crimson color and charming fragrance, combined with large size and correct shape, have rendered it a general favorite. Price, 25 to 50 cents.
- Mad. Etienne.**—A profuse blooming sort, bearing large, full and fragrant buds of a rosy pink color. The edge of the petals shades off to light rose; centre occasionally shows a rich blush. Price, 30 cents.
- Meteor.**—A rich, dark velvety crimson Hybrid Tea; a free-bloomer and vigorous grower. Price, 25 to 60 cents.

NOVELTIES AND RARETIES.

Lady Washington Geranium Mrs. Copeland.—Large snowy white flowers, beautifully frilled; a few faint lines of pale pink on lower petals; red petals and stamens, exquisite. Price, 65 cents.

Mad. Thibaut.—Not new, but always scarce; white, richly blotched and marbled with rose; the upper petals marked with crimson-maroon; large white centre; immense trusses of very large fine flowers, with undulated petals. Price, 50 cents.

Strong plants of the two above ready April 1st.

Coraopsis Lanceolata.—The most lovely and useful hardy plant that has been sent out for years; it is a continuous bloomer, and bears profusely, its bright, large, golden yellow flowers, high above the foliage; blooms winter and summer; is fine for corsage and bouquets, and most showy in the garden; fine for borders. Price 10 to 20 cents per plant, \$1.00 to \$2.00 per dozen.

Solanum Beteceum or Tomato Tree.—Fine, stately, tropical, ornamental plant, bearing fruit the first year; fruit hangs drooping below the foliage, is about the size of a hen's egg; smooth skin, rich orange salmon color, when ripe; the flavor is delicious, seeds like a tomato; This fruit is destined to become very popular; it is good raw or cooked, and makes fine jelly. In Ceylon it is called the "poor man's fruit." Plants, 25 to 50 cents each. Ready April 1st.

Bougainvillia Glabra.—Fine climber; shining leaves with showy pink flowers always in bloom. Price, 25 to 50 cents each. Ready April 1st.

Thunbergia Laurifolia.—This magnificent climber cannot be too highly praised. To the Florist, and all who require winter blooms, it is indispensable, as it flowers in the greatest profusion during the winter months. Color delicate violet blue. Price, 50 cents.

Fragrans.—Another valuable winter blooming plant, flowers pure white, and free flowerer. Price, 25 cents. Ready April 1st.

Bignonia Chamberlaynii.—Fine climber with beautiful foliage and exquisite creamy yellow gloxinia-like flowers, with orange markings inside. Price, 50 cents to \$1 each. Ready April 1.

Bignonia Venusta.—The grandest of all climbers; beautiful evergreen foliage; wreaths of long flowers in clusters of most exquisite orange salmon; no climber elicits more universal admiration than this. Price, 50 cents to \$1 each.

Alstroemerea.—Beautiful tuberous rooted plants, natives of South America; they bloom in spring and summer, growing to the height of three feet; flowers various shades of straw color, salmon and yellow; very showy and beautiful; quite rare. Price, 10 to 25 cents each.

Swansonia Alba.—A choice shrub with beautiful fine foliage and spikes of pure white pea-shaped flowers; very beautiful. Price, 25 cents each. Ready April 1.

AMARYLLIS.

- Choice Seedlings.**—From my own seed saved from a fine collection of named sorts, viz., ANLICA, VELTATA DEFRONEL, EMPRESS OF INDIA, and others. I can thoroughly recommend these because I know they are choice. Price, 25c, 50c, 75c and \$1 each, according to size and variety.
- Equestris (Barbadoes Lily).**—A profuse flowering variety; flowers red, with white centre. Price, 25 cents each.
- Formosissima (Jacobæan Lily).**—Dark scarlet, free blooming. Splendid for pot culture, and can be grown in water like Hyacinths; flowers in summer, if kept dry during winter. Price, 5 cents each.
- Johnsonii.**—Strong, vigorous growth, bearing from 3 to 6 brilliant red flowers on each stem. The petals are striped with white, rendering the flower very attractive. Very fragrant. Price 50 cents each.
- Amaryllis Defiance.**—'t is a wonderfully sturdy grower. Never fails to bloom with fair treatment. It is a continuous bloomer, flowering repeatedly during the season. Flowers very large, petals broad and very firm, lasting in water many days. Extraordinarily large carmine-red flowers. A bar of white running through each petal, and the whole flecked and suffused with shadings of white. Price, \$1.00 each, 2d size 75 cts each, 3d size 50 cts each.
- Amaryllis Aulica.**—One of the most beautiful amaryllis in cultivation, bright, broad green foliage, distinctly curved, flowers very large with broad spreading petals of a rich red—with white lines—greenish yellow throat. Splendid large bulbs, from \$1.00 to \$1.50 each; smaller, 75 and 50 cts. each.
- Amaryllis Longifolia Alba.**—Very thick, broad, light green foliage; flowers white, shaded by rosy pink; fragrant and beautiful, a great bloomer. Price, bulbs, 20 cts. 40 cts. and 75 cts. each.
- Amaryllis Belladonna Rosea.**—Large bulbs with flowers of an exquisite pink color; fragrance like ripe apricots, foliage dies down in the spring, after which the bulb throws up the flower stalk. Price, 35 cts. to 75 cts each; extra large bulbs, \$1.00
- Pure White Perpetual Blooming, Large Flowering, Fragrant Cyclamen, Mt. Blanc.**—This charming cyclamen, unlike other sorts, blooms the year around; it throws its snowy white exquisitely fragrant flowers high above the foliage—one good size bulb will frequently have 50 to 100 buds and blooms at one time. The foliage has beautiful silvery markings. Price of bulbs, 15, 25 to 50 cents each.
- Pilocereus Senilis, or Old Man Cactus.**—This curious Cactus attracts the attention of every one; it is most grotesque and peculiar, resembling exactly the top of an old man's head (in miniature) covered with white hair. From Mexico. Price, 75 cents to \$1 each. Ready April 1.

LIST OF PLANTS.

- Abutilon, or Chinese Bell Flower.**—Named Varieties, white, yellow, red, pink, veined double, all sorts. Price, 10 to 20 cents each; \$1 to \$1.50 per dozen.
- Anemone, Japonica Alba.**—Pure white blossoms on long slender stems, two to three feet high. Price, 10 to 25 cents each.
- Astroemerias.**—Beautiful tuberous rooted plants, growing two to three feet high with spikes of large funnel-shaped flowers in shades of yellow and salmon: prettily shaded and marked; rare. Price, 10 to 20 cents each; \$1 to \$1.50 per dozen.
- Golden-Spurred Columbine.**—The finest of all Columbines: blooms all summer; flowers of pure lemon yellow; spurs over three inches long. Price, 15 cents.
- Cœrulea, or Rocky Mountain Columbine.**—One of the finest hardy perennial plants, violet-blue and white. Price, 20 cents.
- Arundo Donax Fol. Var.**—This is the stateliest and most graceful of all known variegated grasses. It grows from six to ten feet high; it is of vigorous habit, with long, broad, elegantly recurved leaves, picturesquely marked with broad silver stripes that margin their whole length. Price, 25 to 50 cents.
- Hardy Asters.**—These are exceedingly beautiful, producing for a long time great masses of elegant, daisy-like blossoms, of delicate colors; a single plant will bear several thousand blossoms, and make a show for a long distance: perfectly hardy and bloom profusely every year; beautiful lavender and pure white. Price, 15 cents; 2 for 25 cents.
- Agave Americana or Century Plant.**—Price, 15 to 50 cents each; variegated, 20 cents to \$1 each.
- Ardisia Japonica.**—Masses of scarlet berries hang low under the deep-green foliage; very taking and decorative. Price, 25 cents to \$1 each.
- Agathea Celestis—Blue Daisy.**—The flowers are daisy-shaped, of a delicate light blue, with a yellow disc; it blooms in great profusion all the year. Price, 10 to 20 cents.
- Akebia Quinata.**—A perfectly hardy vine; it will grow about 20 feet high and make a close mass with its small, evergreen leaves. The flowers are a rich cinnamon-brown, about an inch in diameter, deliciously fragrant, and of a shape so odd that it seems entirely fitting that they should have come to us from Japan. Price, 20 cents.
- Aloysia Citriodora—Lemon Verbena.**—Foliage delightfully fragrant. Price, 10 cents. Ready in April.
- Agapanthus Umbellatus—The Blue African Lily.**—This is a splendid plant; foliage large and graceful; the clusters of 20 to 30 bright blue flowers are produced on flower stocks about 3 feet high—the flowers opening in succession for a long period during the summer. Price, strong plants, 50 cents; small, 25 cents.
- Ampelopsis—Bipinnati.**—New; beautiful lustrous bluish-green foliage, shaded red-bronze; red in autumn. Price, 10 to 25 cents.

Agapanthus Umbellatus - Variegata.—Foliage white, striped with green; porcelain blue flowers in fine contrast with the foliage. Price, 50 to 75 cents each.

Ampelopsis—Tricolor.—Charming foliage, variegated, pink, green and white. Price, 10 to 25 cents.

Asparagus Tenuissimus.—We consider this extremely elegant plant, which is a native of South Africa, to be the greatest acquisition for decorative purposes, or for cutting from, that has been offered for many years. It is a climber, and is grown and can be strung like smilax, but the extreme delicacy of the foliage cannot be described. It is as fine and graceful as Asparagus, finer than the fronds of the most delicate fern. The sprays will be in great demand for bouquet and other floral work, as, in addition to its gracefulness, it does not wilt like ferns or smilax, but remains bright and green for weeks. Price, 20 to 50 cents each.

Abelia Rupestris.—A beautiful shrub from China; it is evergreen and the rosy white flowers come in clusters at the ends of the branches; flowers in the fall and winter; delicately perfumed. Price, 15 to 25 cents.

BOUVARDIAS.

Davedsoni.—Blush. Price, 25 to 50 cts.

Humboldtii.—White, long tubular flowers; fragrant. Price, 25 to 50 cents.

Flavescens.—Light yellow. Price, 25 to 50 cents.

Alfred Neuner.—Double blush. Price, 25 to 50 cents.

President Cleveland.—Dazzling scarlet. Price, 75 cents.

BEGONIAS.

REX VARIETIES.

The most ornamental of window plants when well grown. Give them a soil composed of loam, well rotted manure and sand. They require a warm, moist atmosphere, and shady situation, suitable for wardian cases. They are universally admired for their grand leaves, which are elegant in form, rich in coloring, and of the deepest velvety texture. Do not allow the sun to strike the leaves while wet, and do not overwater. I have 25 choice kinds. Price, 25 to 50 cents each.

FLOWERING VARIETIES.

Alba Perfecta Grandiflora.—The foliage resembles the well-known Begonia Rubra, but the flowers are pure white, and borne in immense pendant clusters. Price, 10 to 25 cents.

Agyrostigma Picta.—Sometimes called "Angel's Wings." The leaves are smooth and are thickly covered with clear silver markings or spots, the under side crimson color, flowers white, tinged with pink. Price, 10 to 25 cents.

Metallica.—Dark, rough leaves, the surface a lustrous bronze-green, veins depressed and dark red; a free bloomer; the unopened buds are a bright red, with surface like plush. When opened the flowers are waxy white. Price, 15 to 25 cents.

New Begonia, Manicata Aurea.—One of the most beautifully variegated plants ever introduced. Leaves large, glossy and smooth, a delicate shade of green, blotched profusely with bright golden yellow, flowers bright pink. Everyone who sees it admires it the most of any foliage plant we grow. New and scarce. Price, good strong plants, 75 cents.

- Begonia, Diadema.**—This is a distinct new variety; the leaf is large and deeply lobed, giving it a very tropical appearance; color of leaf rich olive green, handsomely spotted with silver; it grows well, and is indeed very attractive. Price, 20 cents.
- Rubella.** A very ornamental species, belonging to the Ricinifolia section. Leaves irregular, blotched red on a pallid ground, ribs banded with purplish brown, under surface red. This makes a grand specimen plant and will enrich any collection of begonias. The flowers are borne on long stalks one foot above the foliage in large panicles of pink and white. A superb Begonia. Price, 20 to 35 cents.
- Rubra.**—The leaves are a dark green, the color of the flower a dark rose, glossy and wax-like; this peculiarity is so marked that when plants are placed singly in a room the glossy appearance of the leaves and flower gives the impression that they are artificial rather than natural. Price, 10 to 25 cents.
- Sanguinea.**—A showy variety with very large leaves, the upper side of which is a rich olive, the under side crimson, and of a peculiar leather-like substance; dainty flowers, light rose to white. Price, 10 cents.
- Sandersoni;—Coral Begonia.**—One of the best flowering Begonias. The flowers are a scarlet shade of crimson, borne in profusion for months at a time. Price, 10 to 25 cents.
- Semperflorens Gigantea Rosea.**—This fine new variety attains to a large size, and is a compact mass of glossy, olive-green leaves. It is so free in bloom as to present the appearance of a fine bouquet. The flower is white in the center, shading to a delicate shell pink, distinctly margined with bright rose, and enlivened with dense clusters of yellow anthers, producing a charming effect. It blooms continually, but is freest in Winter. This magnificent sort elicits remarks of admiration wherever seen. Price, 20 cents.
- Semperflorens Gigantea Elegans—New Ever-blooming Begonia.**—A true ever-bloomer, attaining a height of 15 inches, with glossy, bright tropical foliage, bearing flowers of beautiful rosy flesh color on strong stems thrown well above delightful foliage. Price, 35 to 50 cents.
- Weltoniensis** —The flowers are a lovely shade of pink and very abundant. Price, 10 cents.
- Zebrina.**—Leaves a bronzy green, with darker stripes and blotches, under side deep crimson. Price, 15 cents.
- Gilsoni.**—Strong grower; beautiful foliage; large airy panicles of dainty double fragrant flowers; the only double Begonia of its class. Price, 15 to 40 cents.
- Oderata Alba.**—Shining green foliage; large pure white panicles; delicate fragrant flowers; tall grower. Price, 10 to 25 cents.
- Oderata Rosea.**—Resembling the above, leaves shining green; flowers in immense panicles; deep rose color. Price, 15 to 35c.
- Hibrida Multiflora.**—Small foliage, completely covered with clusters of rose pink flowers; very hardy, grows tall. Price, 10 to 20c.
- Rubra.**—Grows sometimes to the height of 10 or 12 feet; panicles of very large coral red flowers. Price, 15 to 30 cents.
- Margaritæ.**—New. A variety with leaves like Metallica, bronze-green, with purplish cast, large trusses of delicate rose-colored bloom. Price, 10 to 25 cents.

McBethii.—The leaves are fine cut, plant bushy in form and very free flowering, being constant the year 'round; white flowers, waxy in texture and carried in panicles. A fine bedder. Price, 10 to 25 cents.

Palmata.—Peculiar palm-like foliage, resembling a fan; a unique variety. Price, 20 cents.

Ricinifolia.—The leaf will average a foot or more in diameter; color a rich green, with reddish markings, surface velvety, pink blooms, lifted high and spray-like quite clear of the foliage. Price, 20 to 50 cents.

Robusta.—The flower is composed of two wide and two narrow petals, the wide ones are bright rose, the narrow petals are almost pure white, a distinct pink stripe in the center of each enlivened with golden anthers. Borne in clusters, and with the coral-red buds form a most elegant and chaste appearance. Price 10 to 20 cents.

Fuchsoides Coccinea.—Elegant, free blooming variety. It resembles *Hybrida Multiflora* in growth; the flowers are a bright scarlet. Price, 10 to 20 cents.

Diggswelliana.—Flowers dark crimson, center pink, very free bloomer, a beautiful variety, will please everybody. Price, 15 cts.

In Southern California Begonias do beautifully bedded out in sheltered localities.

The Great New Bedding Plant.—Tuberous-Rooted Begonias.—The Tuberous-Rooted Begonias are among the handsomest of our summer flowering bulbs. Planted in pots or in the flower border, they rival the Geraniums with their rich and varied colors, ranging from the most delicate shade of yellow and salmon to the most striking crimson and scarlet. It has only been known the last few years what a wonderful bedding plant the Tuberous Begonia is. Plant in sheltered locations and you will have a mass of beautiful foliage set off with unsurpassed sprays of immense flowers measuring from 4 to 7 inches across. The shapely glistening leaves gracefully droop to the ground and form a dense oval pyramid; while this is crowned with an unbroken mass of flowers immense in size and endless in color. The tubers can be taken up and stored like a tuberose, when perfectly dry covered with sawdust. Bright Scarlet, Orange Scarlet, Crimson Scarlet, Pink, White, Yellow, 35 cents each; mixed single, 25 cents each; mixed double, 40 cents each; extra choice single, 50 cents each; extra choice double, 75 cents each; in April.

Bougainvillia Glabra.—Magnificent climber with glossy foliage and brilliant, deep, pink flowers—always in bloom. This climber attracts universal attention and is most desirable. Rare and beautiful. Price, small plants, 25 cents; strong plants, 50 cents. Ready in April.

CANNAS.

Excellent plants for garden decoration. Where sub-tropical effects are desired they are indispensable. The varieties offered are the cream of existing sorts, and bear flowers of similar size and form as *Gladiolus*.

Adolph Weick.—Rich pea-green foliage, very dwarf and compact habit, flowers large, of a rich crimson scarlet, shaded with orange. A free-blooming and attractive sort which should be in every collection. Price, 15 cents each, \$1.10 per dozen.

- Ehemanni.**—The most distinct of all Cannas on account of its large oval soft green leaves and carmine-red flowers, which are produced on long flower stems; each of the smaller branches bears about 12 flowers. The flowers are as large as a *Gladiolus*, and are used to advantage in bouquet-making. This is one of the most striking and desirable of Cannas ever introduced, and cannot be too highly recommended. Price, 20 cents each, \$1.35 per dozen.
- Nouttoni.**—Is quite distinct from Ehemanni in coloring, being a rich shade of crimson scarlet. The flowers are very large, growing erect instead of drooping. The foliage is of a beautiful bluish green, growing very compact and remarkably free-flowering, forming nearly solid masses of rich, warm coloring. The plant does not exceed 6 feet in height. Price, 15 cents each, \$1.10 per dozen.
- Canna, Emile Leclair.**—Flowers large, bright golden yellow, mottled and spotted crimson and scarlet. It will be found useful as a cut flower, as its peculiar color gives it the appearance of an orchid. One of the best and most distinct varieties. Pea-green foliage. Price, 20 cents each, \$1.25 per dozen.
- Felix Croisse.**—Glaucous green foliage; large coppery red flowers. Price, 20 cents each.
- Henry Martin.**—Orange scarlet; extra large flowers; foliage dark green. Price, 20 cents each.
- Hippolite Flandrin.**—Extra large bright salmon flowers; foliage light green. Price, 25 cents each.
- Nabob.**—Magnificent foliage; shaded and striped purplish red; large crimson scarlet flowers. Price, 35 cents each.
- Oriental.**—Smaller foliage; more dwarf plant; shaded like the above; flowers large bright red. Price, 30 cents.
- Felicie.**—Yellow, blotched rose red. Price, 15 cents.
- Fine Seedlings.**—Price, 15 cents each; \$1.25 per dozen.
- Canna Flaccida.**—A native of Florida and a variety well worthy of general cultivation. It grows two to four feet high, with ample foliage of a pale tender green, and bears an abundance of large lemon yellow flowers. Its general character will make it a favorite. Price, 10 cents.
- The collection of Cannas noted above, \$1.60.
- Calla Lily, or Egyptian Lily of the Nile.**—Large white flowers, broad foliage. Price, 5 to 10 cents each, extra large, 25 cent.; 40 cents to \$2.00 per dozen.
- Spotted Calla.**—Price, 10 to 50 cents each.
- Coleus.**—Choice sorts, 10 to 20 cents each; 75 cents to \$1.25 per doz.

CACTI.

- Cereus Triangularis.**—A magnificent sort with large triangular stems, and immense creamy white flowers, blooming at night. Plants of this variety are grown from the Giant specimen described in front of catalogue. Good blooming plants. Price, 25 cents; extra large plants, 50 cents to \$1.00 each.
- Cereus Flagelliformis.**—Whip-cord or Rat-tail Cactus. Bright rose colored flowers. Price, 15 cents to 35 cents each.

- Cereus Colubrinus.**—(From Cuba.) This *Cereus* is a very quick, strong grower, soon attaining stately proportions. It bears fine white flowers that bloom at night. Price, 25 cents to \$1.00.
- Philocactus Lalifrons.**—A very strong growing species, quite the giant of its family, producing stout, flattened stems, 4 to 5 inches broad, deeply crenated, and 8 or 10 feet high. The flowers, which bloom at night, seem to share the dimensions of the plants, for they measure 7 to 9 inches across; the petals are of a delicate creamy white; the sepals and tube of a reddish hue. Price, 50 cents to \$1.50 each.
- Echinocereus.**—A wide-spread species. Stems generally branching three to six inches high, fresh green. Large clusters of this plant produce sometimes an enormous lot of reddish purple flowers, three inches long. Splendid bloomer. Price, 50 cents.
- E. C. Chloranthus.**—Spines mostly white and red, and beautifully arranged on the plant: the lower lateral and central ones often tipped with purple; upper central ones entirely purple. Flowers yellowish green, and always low down on the plant, forming circle around the stem and different in shape from most *Echinocerei*. Price, 50 cents to \$1.00
- M. Grabami.**—A miniature fish-hook cactus, scarcely ever reaching a foot in height. Spines white and brown, lacing over the whole plant. A good bloomer, and very desirable. From Arizona. 25 cents to 50 cents each.
- M. Macromeris.**—Quite distinct sort, becoming rare; large flowers. Price, \$1.00.
- Opuntia** .—Variety without spines and beautiful rose-colored flowers. Price, 15 cents to 30 cents each.
- Stapelia Variegata.**—Bears beautiful flowers, having a leathery texture; buff yellow, with maroon markings: blooms when quite small: maroon flowers, covered with fine hairs. These curious flowers resemble a star fish. Price, 10 to 25 cents.
- Cereus Grandiflora, Cereus McDonaldi, Cereus Dr. Regate**—Climbing sorts with round stems and very large white flowers; night bloomers; resembling each other so much that there is little choice between them. Good plants, 20 to 50 cents each.
- Cereus Alice Wilson, Cereus Orange Gem, Cereus Refulgens.**—Splendid large double flowers, shaded metallic crimson, inside very beautiful; blooming plants. Price, 35 to 50 cents.
- Cereus.**—Large, thick, light green, flat stems; flowers very large cream white, with brown outside petals. Blooming plants. Price, 20 to 50 cents.
- Cereus Scarlet.**—The old well-known sort, commonly known as "Case Knife" Cactus. This sort is completely covered with scarlet blossoms in spring; good sized plants frequently bear 70 to 100 buds and blooms at once; blooming plants. Price, 15 cents to \$1 each.

ORCHIDS.

“Even to look up at them perched on bough and stems, as one rides by, and to guess what exquisite and fantastic form may issue, in a few months or weeks, out of those fleshy, often unsightly leaves is a strange pleasure—a spur to the fancy which is surely wholesome, if we will but believe that all these things were invented by a Fancy, which desires to call out in us, by contemplating them, such small fancy as we possess; and to make us poets, each according to his power, by showing a world in which if rightly looked at, all is poetry.” *Kingsley.*

It was supposed, some years ago, that to grow Orchids well, houses of special construction were needed, and also the services of a learned gardener; but now it is found that the cultivation of many of these attractive plants, is attended with hardly any more difficulty, than the growing of ordinary greenhouse stock. Our climate is especially adapted for the growing of Orchids, our cool summers being just what the Orchids want; too excessive temperature, either warm or cold, being the worst enemies of Orchids. The Orchids named below are from Mexico, and have stood the winter in a lath house, out of doors.
